BRAND STORY

NICE PAWS™ was created from the love for our pets.

During the COVID pandemic, we were astonished at the number of canine companions that were adopted into loving homes including our Benji and Luna. We quickly realized a lack of cute, quality, beautifully packaged and affordable products on the market.

We approached our dads with their 25+ years of experience in product development, import and sales expertise to help us bring our vision to life. Our company MBco Distribution Inc. (Marc Brittany Company) was born.

Nice Paws was created with our simple goal and aspiration, so that all pets should have access to fun, functional and colorful accessories at an affordable price. We are committed to offering you only the best quality products, at the best price that you can enjoy with your faithful companion.

We are pet lovers and pet owners and would like to share our products with you, so let us spoil your pets, just like we spoil ours. Let's make our pets happy together!
